

New Express Lanes on I-95 from SR 84 to Congress Avenue

In a continued effort to enhance mobility throughout the state, the Florida Department of Transportation (FDOT) has completed portions of the northbound and southbound express lanes project along I-95 from State Road (SR) 84 in Broward County to Congress Avenue in Palm Beach County. Destinations and the corresponding express lanes toll will be posted on electronic signs in advance of the entrance, giving motorists time to choose whether they would like to use the express lanes. The newly implemented tolls in the express lanes will be collected electronically using a SunPass or any other Florida compatible transponder. Customers must have an active account with the transponder properly affixed to the windshield.

For more information, please contact FDOT District 4's Public Information Office via phone at (954) 777-4090, email at FDOT-D4COMM@dot.state.fl.us, or visit the project website at www.95express.com.

EXPRESS LANES BENEFITS

Provide Drivers with Travel Choices

Offer a More Predictable Travel Time

Deliver Long-Term Solution to Manage Congestion

Reduce Fuel Consumption

Decrease Air Pollution

Support Transit Usage

Improve Safety

EXPRESS LANES ON I-95

NORTHBOUND LANES

Entrance

- North of State Road 84
- From Broward Blvd Park & Ride
- North of Sunrise Boulevard
- North of Cypress Creek Road
- North of Hillsboro Boulevard
- North of Glades Road

Exit

- South of Oakland Park Boulevard
- South of SW 10th Street
- South of Glades Road
- South of Congress Avenue

SOUTHBOUND LANES

Entrance

- South of Congress Avenue
- South of Glades Road
- South of SW 10th Street
- South of Oakland Park Boulevard

Exit

- North of Glades Road
- North of Hillsboro Boulevard
- North of Cypress Creek Road
- North of Sunrise Boulevard
- To Broward Blvd Park & Ride

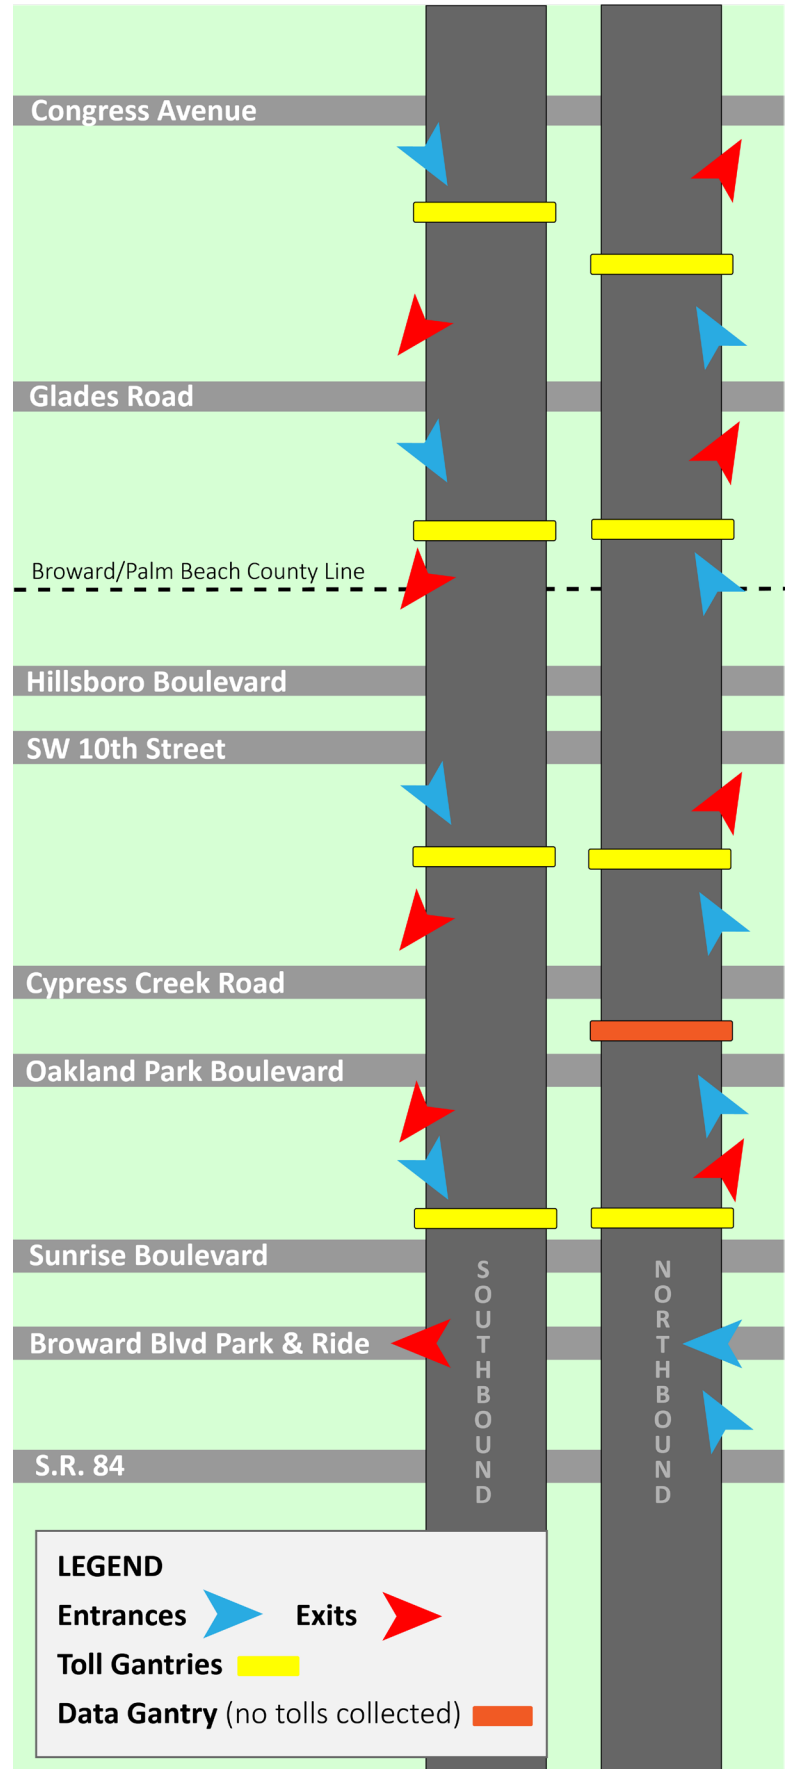

You will need an active, properly mounted SunPass or any other Florida compatible transponder to use Florida's Express Lanes. Purchase one today!

FLORIDA EXPRESS LANES

Less Stress When You Drive Express

FACT SHEET

Project Overview

As part of the 95 Express Phase 3 initiative, FDOT has constructed express lanes along I-95 from State Road (SR) 84 in Broward County to Congress Avenue in Palm Beach County. One lane was added to I-95 and the High Occupancy Vehicle (HOV) lane was converted to create two express lanes in each direction. The number of general use lanes remains the same. 95 Express Phase 3 in Broward and Palm Beach counties will extend the existing Phase 1 & 2 segments currently in use in Miami-Dade County and southern Broward County to provide a safe and efficient commute for South Florida's tri-county area. Activation of the express lanes between SR 84 and Congress Avenue is anticipated to begin in October 2023. Overhead signs will advise drivers of entrance and exit locations and display the toll rates.

Project Key Components

- Express lanes dedicated entrance and exit points
- Ramp signaling to maintain consistent traffic flow and reduce crashes
- Integrated ITS (Intelligent Transportation System)/Tolling systems
- Sound barrier walls along residential neighborhoods
- Additional auxiliary lanes between interchanges

Project Benefits

This project will expand the existing express lanes system as part of the South Florida Regional Express Lanes network, which will improve safety, enhance mobility, relieve congestion and provide additional travel options along the existing I-95 corridor.

FACT SHEET

Express Lanes Use

Customers will be able to access the express lanes at designated entrance locations only. Destinations and the corresponding express lanes toll will be posted on electronic signs in advance of the entrance, giving customers time to choose whether to use the express lanes. Upon entering the express lanes, customers will pay the toll rate displayed on the sign until reaching the next decision point. Customers will never pay a higher toll amount than the rate displayed on the sign. If the toll decreases after entering the express lanes, customers will pay the lower amount until they reach the next decision point.

Express Lanes Entry & Exit Points

Northbound Entrance Ramps

- North of SR 84
- From Broward Blvd Park & Ride
- North of Sunrise Boulevard
- North of Cypress Creek Road
- North of Hillsboro Boulevard
- North of Glades Road

Northbound Exit Ramps

- South of Oakland Park Boulevard
- South of SW 10th Street
- South of Glades Road
- South of Congress Avenue

Southbound Entrance Ramps

- South of Congress Avenue
- South of Glades Road
- South of SW 10th Street
- South of Oakland Park Boulevard

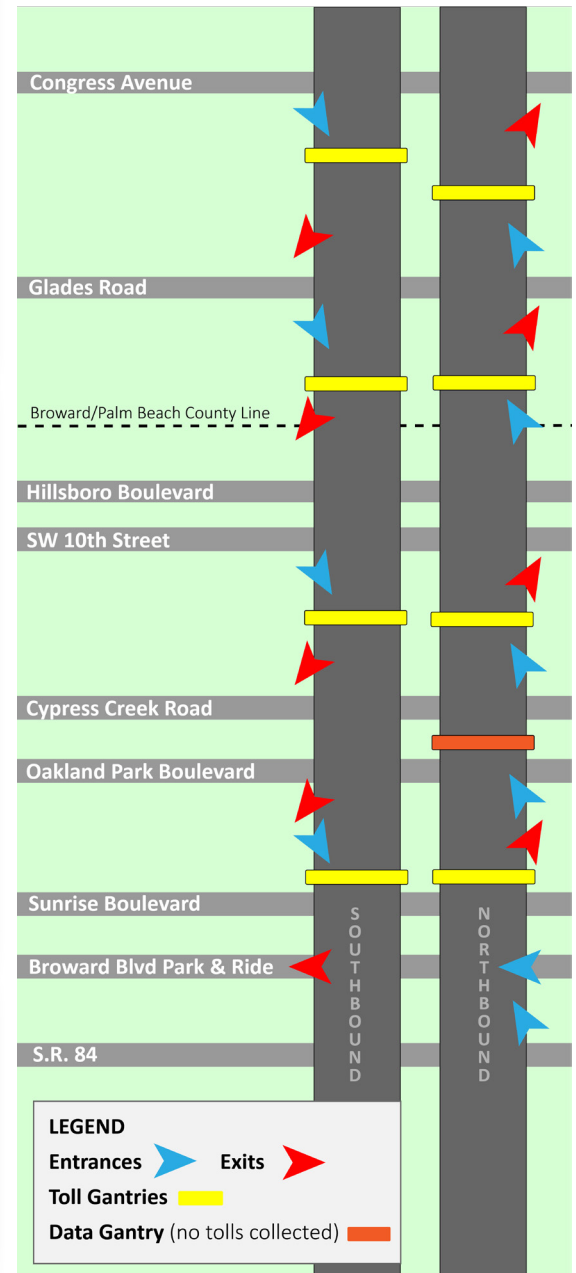

Southbound Exit Ramps

- North of Glades Road
- North of Hillsboro Boulevard
- North of Cypress Creek Road
- North of Sunrise Boulevard
- To Broward Blvd Park & Ride

Express Lanes Tolls

Tolls in the express lanes will be collected electronically. Therefore, customers must have an active, properly mounted SunPass or any other Florida compatible transponder. For more information regarding SunPass, please visit www.sunpass.com or call SunPass Customer Service Center at 1-888-865-5352.
